We just got word that there was a protest by approximately 30 high school students at a Marlboro Van promotion in Phoenix Oregon (Texaco Fueling Station).

Police came to the scene and moved the protestors off of the actual property. 20 minutes later the told the protestors if they didn't leave they were going to begin making arrests. The protestors dispersed soon after.

Two television station showed up as well:

KTVO-TV (channel 10)
KDRV-TV (channel 12)

They approached Tim Vincent of the van program. He said no comment and handed them media cards. I will call both stations to see if they need any additional ifo on the program from us.
